GENERAL INFORMATION

Johnson C. Smith University is a co-educational institution operated under the auspices of the Presbyterian Church in the United States of America. It was founded and is operated on the principles of Christian faith in education for the ministry, teaching, and other walks of life. Broad general education for LIFE and thorough specialization for SERVICE, undergirded by CHRISTIAN VALUES, form the basic objectives of the curricula and activities of the University.

AIMS AND OBJECTIVES OF THE INSTITUTION

The Institution seeks to accomplish the following aims and objectives:

1. To help the student achieve Christian character.
2. To promote the health of the student.
3. To prepare the student for effective leadership in the important pursuits of life in church and state.
4. To stimulate an intellectual desire for truth.
5. To create a desire for the highest degree of efficiency in the profession chosen as his life's work.
6. To prepare the student for later professional work, such as, medicine, law, teaching, and other specialized vocations.
7. To create in the student a desire for lay leadership within the church.
8. To prepare students for the Gospel Ministry.

ORGANIZATION

The University is composed of a College of Liberal Arts, which confers the degrees of Bachelor of Arts and Bachelor of Science; and the School of Theology, which confers the degree of Bachelor of Divinity.

HISTORY

In 1867 Reverend S. C. Alexander and Reverend W. L. Miller saw the need of establishing an institution in this section of the South and began devising such plans as would secure the desired results. On April 7, 1867, at a meeting of the Catawba Presbytery in the old Charlotte Presbyterian Church, formerly located at the corner of D and Fourth Streets, Charlotte, North Carolina, the movement for the school was formally inaugurated and the Reverends S. C. Alexander and W. L. Miller were elected as teachers.

Information concerning the establishing of the school was brought to the attention of Mrs. Mary D. Biddle, an excellent Churchwoman of Philadelphia, Pennsylvania, who through appeals on behalf of the work in one of the Church papers pledged \$1,400. In appreciation of this first and generous contribution, friends of the project requested of Mrs. Biddle

the privilege of naming the newly established school after her late husband, Major Henry Biddle. The request being granted, the school was named "The Biddle Memorial Institute" and later was chartered by the State Legislature under that name. The first eight acres of land used as the site for the school were donated by Colonel W. R. Myers, a wealthy citizen of Charlotte, North Carolina. From 1867 to 1876 the school was known as the Biddle Memorial Institute. In 1877 the charter was changed by the Legislature of North Carolina and the name of the school became Biddle University. The institution operated under this name until 1923.

During the season of 1921-22 the late Mrs. Jane Berry Smith, of Pittsburgh, Pennsylvania, gave funds for the erection of a Theological Dormitory, a Science Hall, a Teacher's Cottage, and a Memorial Gate at Biddle University. In addition she made provision for a handsome endowment for the institution in memory of her late husband, Mr. Johnson C. Smith. In recognition of these generous benefactions the Board of Trustees voted to change the name of the institution to Johnson C. Smith University. The charter of the school accordingly was so amended, March 1, 1923, by the Legislature of the State of North Carolina. From 1923 until her death in October 1929, Mrs. Smith gave funds for the erection of five more buildings, including a campus church.

In 1925 the gifts of Mrs. Jane Berry Smith were augmented by a gift from the late Mr. James B. Duke, of Charlotte, North Carolina.

In 1932 the institution was made co-educational by an amendment to the charter, and until 1941 women were admitted to the Senior College division only. However, beginning with the school year 1941-1942 women were admitted to the freshman class.

The present site contains seventy-five acres of land and twenty-two buildings.

The institution is operated under the auspices of the Presbyterian Church in the United States of America.

ACADEMIC RATING

Johnson C. Smith University is accredited by the Southern Association of Colleges and Secondary Schools as a Class "A" College. It is also a member of the Association of American Colleges, American Council on Education, Council of Theological Education of the Presbyterian Church U.S.A., the Presbyterian College Union, an associate member American Association of Theological Schools, and approved by the American Medical Association.

LOCATION

Johnson C. Smith University is located in the City of Charlotte, Mecklenburg County, North Carolina. The campus is situated in the western part of the city and may be reached by street bus or taxi from the railroad or bus station. Charlotte stands at the radiating point of several railroad and bus lines.

BUILDINGS AND GROUNDS

BIDDLE MEMORIAL HALL, the main building on the campus, contains the administrative offices of the university, recitation and lecture rooms, book store, post office, student health center, snack bar, and lounges for faculty and students. The building consists of five stories with a tower which contains the chime clock. It is located on the highest knoll of the campus and may be seen from almost any section of the city.

CARTER HALL, built in 1896, is a dormitory for college men. The building was a gift of Miss Laura Cater of Geneva, New York. The building is being completely rebuilt and modernized on the inside, leaving the outside wall to retain the architecture of the original building. The building will again be ready for occupancy at the opening of the 1955-1956 school term. It will house 106 students, lounge and game areas, and living quarters for the director.

JOHNSON C. SMITH MEMORIAL THEOLOGICAL DORMITORY, which stands on the eastern side of the campus, supplies rooms for about 62 students. It was named for the late Mr. Johnson C. Smith of Pittsburgh, Pennsylvania.

BERRY HALL, a dormitory for college women, stands at the northern end of the campus. It is three stories in height above a basement story. It has a reception parlor and houses about 75 students. This dormitory was given in memory of the late Mrs. Smith's parents.

THE JAMES B. DUKE MEMORIAL HALL is the first dormitory to be constructed on the campus for the housing of women students. It is located across Beatties Ford Road from the main campus at the southwest end of the University campus. The building is Georgian in style with exterior wall of brick and limestone trim. It is three stories high above the basement with an elevator shaft. In addition to ideal living quarters for approximately 110 students, it provides directors' office, beauty parlor, an infirmary, laundry and trunk room.

THE GEORGE E. DAVIS SCIENCE HALL is situated at the southern end of the University campus; it is two stories high with a basement story. It is fully equipped, and contains lecture rooms as well as rooms for experimental work in Chemistry, Biology, and Physics.

THE CARNEGIE LIBRARY, built of stone near the center of the campus in 1911, is a two story building, which contains the stack room, reading room and office on the top floor and work rooms, an assembly room and a store room on the ground floor

The Library Annex was set up as a temporary building adjoining the Carnegie Library in 1946 to provide reading room accommodation for the large enrollment of veterans of World War II. The Annex is now used as a classroom and assembly room for group gatherings.

THE JANE M. SMITH MEMORIAL CHURCH, located near the entrance to the campus, is a gift of the late Mrs. Jane Berry Smith. This structure, built of colonial brick with limestone trimming, has a front supported by

limestone columns. The structure is one of the most beautiful of its kind to be found at any college in America.

THE HENRY LAWRENCE MCCROREY THEOLOGICAL BUILDING, dedicated on November 12, 1955, is the administration building for the School of Theology. It was erected from funds raised by alumni, churches in the Catawba, Atlantic, Blue Ridge, and Canadian Synods, local friends, and the Building Funds Campaign of the Presbyterian Church, U.S.A. It contains three stories, including eight classrooms, offices for the Dean and the faculty members, a library, an assembly room, a room for meditation, the office of the Field Representative of Catawba Synod, a recreation room, and a stack room. It accommodates all classes in the School of Theology and the college classes in Religious Education.

THE CENTRAL HEATING PLANT was dedicated on April 7, 1953. It replaces individual heating units in the several campus buildings and is capable of furnishing heat and hot water for all the buildings on the campus together with additional buildings planned for the near future.

THE REFECTORY is situated at the northern end of the University and has a seating capacity of about four hundred.

THE HARTLEY WOODS GYMNASIUM, a gift of the late Mrs. Jane Berry Smith, is situated at the northern end of the University Quadrangle. It is a two-story brick building. The first floor contains the office of the Physical Director, physical examination rooms, the gymnasium proper, and a dormitory room for the housing of visiting athletic teams. The second floor or gallery floor contains the running track—twenty-two laps to the mile—and seating space for spectators at basketball games. The basement floor contains the locker rooms, the showers, wrestling and boxing room, and a store-room.

It has a court for indoor tennis, baseball, volleyball, handball and basketball. It is furnished with equipment for work in physical education activities.

THE UNIVERSITY PRESS, located at the northern end of the campus, is a modern plant where the University's printing is done.

PUBLICATIONS

The Quarterly Review of Higher Education Among Negroes, edited with the co-operation of the faculty.

The Johnson C. Smith University Bulletin, including *Catalogue Number*, *Summer School Bulletin* and *Student Manual*.

The Newsletter, published six times during the year in February, April, June, August, October and December, by the Office of Public Relations.

The University Student, a college paper published monthly during the school year by the students.

A Student Yearbook, known as *The Bull*, is published each year by the students of the University.

FEES AND EXPENSES

The basic fees and tuition listed herein are applicable to all regular students registered in the College of Liberal Arts and similar basic fees for the Theological Seminary. The totals vary according to special courses pursued and extra loads carried. In the College of Liberal Arts the normal basic yearly expense will be \$651.50 for boarding students and \$290.75 for day students. Theological students will have a basic yearly expense of \$589.00 for boarding students and \$228.25 for day students.

These estimates do not include laboratory and other special fees and expenditures for books and incidentals.

REMITTANCES

All charges including room and board for the first six weeks are due and payable on registration at the beginning of each semester. The balance of the board and room bill is due and payable in advance every four weeks at the rate of \$40.00 or according to an approved plan.

All remittances if not made in person at the business office should be mailed and addressed as follows:

Business Manager
Johnson C. Smith University
Charlotte 8, North Carolina

All patrons who send money to the Institution are cautioned that they send cash at their own risk. For safety, money should be sent in the form of postal money order, postal note, cashier's or certified check *made payable to Johnson C. Smith University*, addressed to the Business Manager.

The last payment due in each semester must be made by certified check, cashier's check, or postal money order if not paid in cash at the business office before January 17, 1958, in the first semester or May 16, 1958, in the second semester. A service fee of \$1.00 will be charged against the account of the student who has tendered a bad check (personal) payable to the University.

No part of the payment made to the University will be given in change or handed to any student except by written request of the person sending payment.

All students, including veterans, should have sufficient funds to pay all entrance fees at the time of registration. In the case of boarding veterans under public law 346, they must pay room rent and board at registration. Veterans under public law 550 must pay all tuition and fees according to the fee chart. Security deposits shall have been paid in advance.

The University reserves the right to raise board and room fees without advance notice if economic conditions make it necessary.

Students are expected to meet their payments promptly and without notice from the business office. It is their personal responsibility to inform their parents or guardians of all financial obligations to the University.

DEFERRED PAYMENT FEE

Deserving students and needy parents, because of circumstances, are often granted the privilege of making special agreement for installment plans, partial or deferred payments. Students given this privilege may be charged a service fee of \$2.00 for this convenience. This fee is also added to the total charges of each student who does not pay all bills when due. Deferred payment fee must be paid with other obligations before the student will be considered "in good standing" with the University.

FEE FOR THE REMOVAL OF A GRADE OF INCOMPLETE AND LATE EXAMINATION

A fee of \$1.00 for each course will be charged for the removal of an "I" grade. This fee is payable at the Business Office before the student has completed the requirements for the removal of the "I" grade.

This fee of \$1.00 is also applicable to students taking make-up or late examinations.

SECURITY DEPOSITS AND ROOM RESERVATIONS

In order to insure the proper use and normal care of the University's property, there will be a security deposit in the amount of \$10.00 for room breakage and damage; this deposit also includes use of keys for all dormitory occupants.

The University does not have dormitory accommodations for all students who apply. Therefore, students who are presently in the boarding department and have their accounts paid up-to-date, may transfer their 1956-1957 security deposit before they leave, and reserve a room for 1957-1958. Prospective Freshmen, after receiving a notice of admittance from the Registrar, may reserve a room by sending in the security deposit immediately. Reservations will be made in the order in which deposits are received.

Persons failing to matriculate after having reserved a room will forfeit their deposit unless they notify the University by Sept. 1.

The deposit is refundable only at graduation or on termination of student's current registration at the University, whichever comes first, and then only on verification of the personnel dean that the room has been vacated in satisfactory condition and key returned.

REFUND OF FEES

When a student has been duly registered and accepted in the University, it is considered a formal and explicit contract for the year. Should a student withdraw from the University at any time after registration, no refund of fees will be granted at all except in cases where the student withdraws because of a call to military service or on account of personal illness, in which case a certificate from the College Physician will be required. For withdrawals due to illness or call to military service, fees are subject to proration as indicated in the following schedule:

Period of Enrollment	*Percent of fees refunded
One day to two weeks (1-14 days)	80%
Between two and three weeks (15-21 days)	60%
Between three and four weeks (22-28 days)	40%
Between four and five weeks (29-35 days)	20%
After five weeks	0%

*No refunds will be made on registration, medical, yearbook and accident insurance fees.

Permission to withdraw must be authorized by the Dean of the College of Liberal Arts or the Dean of the Theological Seminary, approved by the President and presented to the Business Manager within the thirty-five day period.

All unused board up to and including one-half of the board period is refunded whenever a student withdraws providing the unused meal book is turned in to the Business Office with the official withdrawal slip. No refunds will be made on room rent.

Students with a delinquent account are credited according to the time of withdrawal, and in the case of students paying in advance for the entire year, fees will be refunded on the same basis as that of students who pay periodically.

DORMITORY AND DINING HALL FACILITIES

A charge of \$40.00 will be made for boarding students payable each four week period in advance with the exception of the first period of each regular semester. The first period is one of approximately six weeks and \$60.00 is payable at registration. The Dining Hall and dormitories will be open to freshmen students on September 10 beginning at noon and to upper-classmen on September 16, 1957, without additional charges.

The Dining Hall charges will be compulsory to all dormitory residents. Part-time students will not be accepted in the boarding department. Absence from the Dining Hall must be for more than ten consecutive days and resulting from a legitimate excuse or a proper withdrawal for a student to be eligible for any deduction. Practice teachers may secure credit for all time over ten days in which he or she is absent from the campus to do his or her practice teaching. In order to take advantage of this credit for board, meal books must be turned in to the Business Manager on the day authorized to leave the campus. Positively no credit will be given for room rent.

Room rent for dormitory facilities is included in board charge at the rate of \$12.00 per four (4) week period.

Dormitory facilities include room, light, heat, and laundering of bed linen. Personal laundry other than bed linen is the student's individual responsibility. Incidental Fees for boarding students include 75 cents for laundry tags, mailbox, etc.

There will be *no* hot plates or other electrical stoves placed in any of the facilities of the University. Failure to comply with this regulation will result in the forfeiture of dormitory privileges.

TEXTBOOK DEPOSITS

For the convenience of the student, parents or guardians may place a deposit in the Business Office for textbooks and supplies to be purchased from the University Bookstore.

The cost of textbooks and supplies is estimated to be approximately \$25.00 per semester.

The balance of this deposit is refundable to parent or guardian at the end of the year, on withdrawal of student, or when all textbooks and supplies have been secured.

GRADUATION FEE

All candidates for graduation who have applied for a degree in either the College of Liberal Arts or the School of Theology are required to pay a graduation fee of \$10.00. This fee must be paid by May 1, 1958. It covers the cost of the diploma and rental of cap and gown. This is a graduation fee and is required whether or not a candidate is prevented by circumstances from participating in the graduation exercises.

INDEBTEDNESS TO THE UNIVERSITY

Indebtedness to the Institution is a serious matter. Under University regulations:

1. Students remaining in arrears to the Institution for more than ten days are subject to suspension from all student privileges.
2. Students with unpaid bills will not be admitted to the semester's final examinations.
3. No student will be permitted to register or to make a dormitory room reservation for any semester until all bills of the previous semester have been paid in full.
4. Failure of students to meet financial obligations at the scheduled time causes forfeitures of privileges of the boarding department and classroom facilities.
5. No student who is indebted to the University will be permitted to join a social fraternity or sorority or participate as an elected representative in any extra-curricular activity.
6. No student may obtain a transcript of his or her record for any purpose if indebted to the University.

SCHOLARSHIPS, WORK AID, AND STUDENT LOAN FUND

THE ROBERT JAMES BROWN MEMORIAL FUND SCHOLARSHIP, awarded by Mr. and Mrs. William J. Brown of Rockville Centre, New York, in memory of their son. The conditions for these scholarships and the spirit which motivated Mr. and Mrs. Brown's awarding them are best described in the words of the original announcement in 1947.

"The Robert James Brown Memorial Fund Scholarships are given in memory of Robert James Brown, who was a member of the class of 1946 at Wooster College. Bob was unusually interested in all having opportunity for training and development irrespective of race, creed, or color. A paratrooper, Bob gave his life in Belgium saving a wounded fellow soldier.

"Four scholarships of \$150.00 each are awarded annually, two to Junior men and two to Senior men, on the basis of certain qualities of character, leadership, and scholarship. In awarding these scholarships, important consideration is given to the financial needs of the student and the effort he is making by his own work to meet such needs." (See also page 35 for the Robert James Brown Memorial Fund History Prize.)

The University offers to undergraduate students scholarships and student work aid, both under the supervision of the committee on scholarships and student aid.

A limited number of scholarships of \$125.00 each, applicable to tuition, for the first academic year in residence are available to new students with exceptional scholastic records. Such students must be recommended by their high school principals.

The institution will award to a limited number of upper class students whose scholarship records are outstanding and who, otherwise, make a contribution to the life of the University, a tuition scholarship up to \$125.00.

A limited number of scholarships varying from \$50.00 to \$100.00 will be awarded annually to students whose scholarship records are "C" or better and who excel in achievements and contributions to the general welfare of the campus.

The University offers a number of work-aid scholarships by which the recipients may earn part of their expenses. Most of the work-aid scholarships go to students who have already attended the University and have established a record of qualification for work in the various departments of the University.

The University offers an opportunity to high school seniors to compete in examinations for seven special scholarship awards which are good for the freshman year. Those who rank high on the examination may qualify for one of the following: the first award of \$500; two second awards of \$400 each and four third awards of \$300 each. The examinations will be conducted at several centers which will be convenient to the applicants. Any high school senior (or graduate who has not attended college) who is in financial need and is recommended by his school may request permission to take the examination and must file formal application for admission to Johnson C. Smith University.

A limited number of loans from the University Student Loan Fund is available to deserving students for purposes of meeting college expenses. Loans are not authorized for students during their first semester of enrollment.

Applicants must bear in mind that it is impossible for the Institution to provide aid for more than a limited number of students. *Under no condition is a student to come to the Institution expecting to receive a loan, scholarship, or work-aid who has not made formal application, and who has not been notified that such aid has been granted.*

ALTERNATE PAYMENT PLANS

Sometimes it becomes necessary for the student, or the person who is paying his bills, to work out some arrangement whereby payments may be made on more convenient terms other than the regular schedule, on page 19. For the convenience of such students the University has approved two (Plan A and Plan B) alternate plans of payment.

3. All Laboratory and Special Fees must be added to the first payment after Registration.

COLLEGE OF LIBERAL ARTS

PURPOSE

The College of Liberal Arts seeks to accomplish the following purposes:

1. To provide a general education for all students in order to prepare them to be useful citizens.
2. To provide preliminary training for the various professions such as medicine, dentistry, law, theology, teaching, etc.
3. To prepare teachers for elementary and secondary schools and lay leaders for the Church.
4. To promote the mental and physical health of all the students.

DIVISION OF THE YEAR

The college year consists of a regular term of two semesters and one summer session of six weeks. Two semesters or five summer sessions of six weeks each constitute the equivalent of one year of college work. The regular session of 1957-58 will begin Tuesday, September 17, 1957, and end Monday, June 2, 1958. Freshman activities will begin on Tuesday, September 10, 1957. *See Calendar page 5.*

ADMISSION REGULATIONS

New Students

Admission to Johnson C. Smith University is on a selective basis. Priority of application will not be considered a basis for admission. Applicants will be chosen from the first or second quarter of the graduating class. Candidates will be selected from the entire list of applicants for the year on the basis of their preparation for college, their ability and their interest in the program offered by Johnson C. Smith University.

Every candidate for admission must make formal application to the Registrar, Johnson C. Smith University, Charlotte 8, N. C., by sending in an application blank accompanied by a deposit of *five dollars* in the form of check or money order made payable to *Johnson C. Smith University*. This deposit is not refunded if the applicant withdraws his name from the list. If the applicant's name is removed by the Admissions Committee for failure to meet entrance requirements, the deposit will be refunded.

Applications for admission in September should be submitted as early as possible. It is highly advisable that the high school graduate submit his application in time to secure a transcript of his high school record before his principal leaves for the summer vacation since a prospective student cannot be issued a permit to register until his high school record has been received and evaluated. Applications, transcripts of high school records, and character reference blanks which have been received before June 15

will be acted upon and the applicants notified of the action taken by July 15. All applications received after that date will be acted upon according to receipt of all credentials—transcripts of high school records, character reference blanks, etc. Applicants who cannot be accommodated in September may advise the registrar to keep their applications on file for the second semester. This should be done not later than November 1.

Foreign Students

Students who come from the British Possessions will be admitted without condition to the College of Liberal Arts on the basis of their Cambridge School Certificate and a transcript of their high school record. Students who come from other foreign countries must show to the satisfaction of the University that they meet requirements for admission to the College of Liberal Arts.

Methods of Admission

There are two methods of admission to the freshman class.

1. Admission by certificate from accredited high schools.
2. Admission by examinations conducted by the University.

(For information concerning this method write the Registrar.)

All students, irrespective of the method by which admission is sought, must present for admission a report covering his entire record of subjects taken and grades received in high school. This record must come through the Principal of his high school and must be sent direct to the Registrar of the University before the student enters. The record should be accompanied by a statement from the Principal concerning the student's character, scholarly interests and abilities.

Admission by certificate may be accepted if the record of the applicant is presented from a high school accredited by a state or regional association. New students entering the freshman class by certificate from high schools approved by a state or regional association must rank in the first or second quarter of their graduating class. A new student seeking admission to the freshman class from a high school not accredited by a state or regional association, may be admitted to the freshman class upon examination in all subjects offered for admission, provided he presents fifteen acceptable units. Such an applicant must rank in the first or second quarter of his graduating class. Before taking any examination conducted by the University, an applicant must make written application to the Registrar upon blanks provided for that purpose, and must secure a card admitting him to the examination.

All transcripts of high school records must be presented before the student comes to the University and in no case should a student come to the University unless he has been so notified.

Admission Units

Applicants for admission to the freshman class must present fifteen units of secondary work, including the seven units listed below under

"Subjects and Units Accepted for Admission." Students are not accepted in the freshman class with conditions.

A unit in any subject represents the study of one full year in high school, and constitutes about one quarter of a full year's work. The four year high school course is taken as a basis for admission and the length of the school year is assumed to be from thirty-six to forty weeks, a period from forty to sixty minutes in length, and a study pursued for about four or five periods a week.

Subjects and Units Accepted for Admission

No subjects will be accepted for admission to college that are not counted for graduation by the high school. The following seven units are required of all students:

English (four years' work).....	3	} 5 units
*Algebra	1	
*Geometry	1	
History	2	
or		
Science	2	} 2 units
or		
Foreign Language	2	

The remaining eight units may be chosen from the following groups:

A

Algebra	1 to 2 units
Plane Geometry	1 unit
Solid Geometry	$\frac{1}{2}$ unit
Plane Trigonometry	$\frac{1}{2}$ unit
Arithmetic	1 unit

B

Greek	2 units
Latin	} 2 to 4 units

Physics	1 unit
Chemistry	1 unit
Biology	1 unit
General Science	1 unit
Physiography	$\frac{1}{2}$ to 1 unit
Agriculture	$\frac{1}{2}$ to 1 unit
Physiology	$\frac{1}{2}$ to 1 unit

*An applicant may be admitted without elementary algebra and plane geometry provided he presents fifteen acceptable units of high school work and is a graduate of an accredited high school.

E

Music	1 to 2 units
Drawing	½ to 1 unit
Home Economics	½ to 1 unit
Any other subjects counted toward graduation by an accredited high school	2 units

The Maximum units accepted in each of the above groups are as follows:
Group A, 4 units; Group B, 8 units; Group C, 4 units; Group D, 5 units;
Group E, 3 units.

Admission With Advanced Standing

Applicants for admission with advanced standing should have transcripts of credits from college previously attended sent direct to the Registrar of the University. Applicants will be allowed credit for such professional credit as falls within the field of specialization offered in Johnson C. Smith University according to the amount and quality of this work. Applicants must also present transcripts of their high school records. Applicants transferring to Johnson C. Smith University from colleges approved by a regional association will be admitted with advanced standing provided that they have maintained a general average of C in courses that are equivalent to those given at Johnson C. Smith University.

Applicants from Colleges not approved by a regional association may be admitted to courses for which they demonstrate by examination or otherwise that they are qualified. Applicants from non-approved institutions must demonstrate that they are qualified to do advanced work before they are permitted to register in advanced courses.

Students applying to Johnson C. Smith University for admission with advanced standing whose record shows that they are either on probation or dropped for poor scholarship or dropped for some other cause will not be admitted.

Admission of Unclassified Students

Persons of mature age and of good character may enter the University for the purpose of taking courses without becoming candidates for a degree. Such persons will be listed as unclassified students. They must prove to their Instructors their ability to pursue successfully the courses for which they have registered. These students are subject to the same rules and regulations as regular students.

REGISTRATION

Time. All students must register at the beginning of each semester whether they were in residence the preceding semester or not. Students are required to register in person at the University on the days designated for such purpose, between 8:00 o'clock in the morning and 5:00 o'clock in the afternoon.*

All new students will report for registration as follows: Winter semester, Tuesday, September 10, 1957 and Spring semester, Monday February 3, 1958. Former students will report for registration on Tuesday, September 17, 1957.

Late Registration. Students may be allowed late registration upon the payment of a late fee of two dollars per day, but no student will be permitted to register later than the time specified in the calendar.* Complete registration includes physical examination and the satisfying of academic requirements.

Freshman Week. The first week of the school year is devoted especially to the adjustment of freshman students to their new surroundings. The program includes registration, orientation, lectures, tests for placement, diagnosis and guidance, training in the use of the Library, definite information on the various regulations on the campus, and the freshman reception.

Changes in Registration. If a student finds it necessary to make a change in his program of study after he has registered, the change must be made through the *Registrar's Office* on blanks provided for that purpose. For any such change the student must obtain the permission of the Dean, the instructor, and the advisor.

Any change in program must be made before the time for making changes expires*. As every student's schedule must be approved by the Dean, a student may enter or withdraw from a course only on his authority. A course once registered for may not be dropped without permission of the Dean. A course dropped without permission is considered as a failure and is so recorded.

Student Load. A normal load for a student in the College of Arts is sixteen (16) semester hours. In the summer session the normal load is six (6) semester hours.

Excess Hours. Only students who have at least a general average of "B" and who have carried the normal load of work (sixteen hours) each semester will be permitted to carry any excess hours. In no case will a student be permitted to carry more than nineteen (19) semester hours of work in a semester.

The maximum amount of credit allowed for one semester is nineteen (19) semester hours.

No student will receive credit for a course for which he has not regularly registered.

GRADES

The quality of a student's work in a course shall be reported to the Registrar by the following grades: *A, B, C, D, P, F*, and *I*. *A* denotes excellent scholarship; *B*, good; *C*, fair; *D*, poor. Work reported as of grade

*See Calendar page 5ff.

D cannot be raised to a higher grade by examination. *F* indicates failure; a student receiving such a grade may repeat the course. *P* is the passing grade assigned to all courses for which no credit is allowed. The grade *I* indicates that the work has not been completed and the student did not withdraw from it. If a student officially withdraws from a course before he has done enough work to be evaluated by the teacher, he is given the mark of *W*. If he withdraws from the course later in the semester, he is given the mark *WP* if he is making a passing grade or *WF* if he is doing failing work.

Incomplete Grades. An incomplete grade must be removed within six weeks after the beginning of the semester in which the student is enrolled. When the grade of *I* has been removed the Instructor shall at once report the final grade to the Registrar's Office on blanks provided for that purpose. If the grade of *I* is not removed in the time specified the student will receive the grade of *F* for the course.

Grade for Major Work. No grade below C will count for credit in the student's major work. Nor will a student be permitted to enroll for Practice Teaching unless he earns a grade of C or better in the course he is to teach.

Grade Points. Grade points are determined by multiplying the number of semester hours which a course yields by the grade point value of the grade. The several grades yield grade points as follows: A, 3 points for each semester hour of credit; B, 2; C, 1; D, 0; P, 0; F, 0.

THE DEAN'S LIST

At the end of each semester there is published a Dean's List of students who have earned a grade point average of 2.0 or better. Only students who are registered for a minimum of 15 semester hours will be considered for the honor roll. Students on the honor roll may carry a maximum of nineteen semester hours with the consent of the Dean of the College. A student may be removed by the Dean from this list during the semester if his or her conduct or grades are such as to make removal advisable.

PRIZES

The Pan Hellenic Council offers a gold medal to the student in the College of Liberal Arts considered to be the best all around student. This prize is awarded on the basis of character, scholarship, and participation in extra curricular activities.

THE BREWER MEMORIAL PRIZE of \$10.00 is given annually by William M. Brewer in memory of his parents, the late Robert and Martha (Dye) Brewer, of Elberton, Ga. This award based only upon grades goes to the major in mathematics on graduation who has maintained the highest average in that subject during his or her study in the college.

THE ROBERT JAMES BROWN MEMORIAL FUND HISTORY PRIZE, awarded by Mr. and Mrs. William J. Brown of Rockville Centre, New York, along

with four scholarships described on page 25. (*See the Robert James Brown Memorial Fund Scholarships on page 25.*) The condition for this prize is described in the original announcement as follows:

"The Robert James Brown Memorial Fund History Prize of \$50.00 is to be awarded to the Senior man majoring in history who has done the best work in that field over his entire college course."

MAINTENANCE OF SCHOLARSHIP

Class Attendance. Regular and punctual attendance on class recitations is required of all students. Absences must be explained to the Dean of the College. Absence from all classes will be counted from the first day of class recitation. All absences excused or unexcused shall be made up to the satisfaction of the instructor concerned.

Withdrawal. Any student desiring to withdraw from the University during a semester must first secure two statements from the Dean of the College. One of these statements should be filed in the Office of the Registrar. The other statement when presented at the office of the Business Manager will entitle the student to any refund of fees to which he may be entitled. Students not complying with this regulation may not be granted an honorable dismissal.

Probation, Disqualification and Dismissal for Poor Scholarship

1. Any student in the College of Liberal Arts who fails to maintain a grade point average of 0.5 for all work carried during any semester will be placed on probation at the end of that semester. In the following semester such a student may not register for more than 12 semester hours of work. In order to be removed from probation, a student must earn a grade point of 1.0 or better in all of the work for which he is registered.

2. If a student fails to meet the requirement for removal of his probation at the end of the semester, he must withdraw from the University and may not apply for re-admittance in the following semester.

3. A student who has been dropped for poor scholarship may be re-admitted under certain conditions. Each case will be considered individually by the Committee on Admissions. The decision of the Committee is subject to Faculty approval.

4. A student admitted after being dropped for poor scholarship will be admitted on probation, and must maintain a grade point average of 1.0. Failing in this, he will be dropped permanently.

5. A student who removes his first probation and incurs probation twice thereafter shall be dropped permanently.

6. A student on probation is ineligible to hold any elective office or to represent the Institution in any capacity, except when meeting the academic requirements of a regularly scheduled course. In order to insure the proper observance of this regulation, names of all students proposed for elective offices or for representation in extra-curricular activities must be submitted to the Dean of the College for approval.

Student Participation in Extra-Curricular Activities. Students who take part in major extra-curricular activities must maintain a scholastic average of 1.0. No student must represent the University in a public way or hold office in a student organization who does not have a grade point average of 1.0.

EXAMINATIONS

Examinations are held at the close of each semester. These examinations are required of all students. Any student who does not present himself for examination at the hour appointed forfeits his right to take that examination and will be considered as having failed, unless he has been excused for reasons deemed sufficient by the Dean.

Special examinations are given only to students who for adequate reasons have not been able to be present at the regular examinations. The privilege of special examinations is granted by the Dean on recommendation of the instructor.

CLASSIFICATION OF STUDENTS

Students in the college are grouped into five classes according to the records in the Registrar's office. The basis for this classification is as follows:

Seniors—Students who have credit for at least ninety-six semester hours of work, have earned at least ninety-six quality points, and have completed all the prescribed courses.

Juniors—Students who have to their credit at least sixty-four semester hours of work, have earned at least sixty-four quality points, and have completed courses prescribed for the Junior College Division with an average of C or better.

Sophomores—Students who have credit for at least thirty-two semester hours of work and have earned at least thirty-two quality points.

Freshmen—All other students, not registered special, are ranked as Freshmen, without regard to date of admission.

Special—Students of mature age who are not working for a degree.

GRADUATION REQUIREMENTS

General. A candidate for the Bachelor's degree must present at least 128 semester hours and 128 quality points. He must have made a general average of "C" or more in all of his work. He must fulfill to the satisfaction of the faculty all the requirements of the curricula of the Junior and Senior College Division. He must have been a student in the College during his Senior year and have completed in residence at least 32 of the 128 semester hours required for the degree.

Whereas a minimum number of semester hours and grade points is set as determine the worthiness of each individual candidate for a degree, based on an objective requirement for a degree, the University reserves the right to require character and personal integrity as well as academic proficiency.

Required Courses. All students seeking to fulfill requirements for the Bachelor of Arts or the Bachelor of Science degree are required to complete the following courses: English 131, 132, 231, and 232; Mathematics 131 and 132; Physical Education 111, 112, 113, 114, 211, and 212; Psychology 231; Religion 121, 122, 221, and 222; Speech 221 and 222; Survey of Biological Science 131; Survey of Humanities 231; Survey of Physical Science 131; Survey of Social Science 231; and either French 231 and 232, German 231 and 232, or Spanish 231 and 232. Pre-medical and pre-dental students, and students who plan to major in Science or Physical Education may substitute courses in Biology or Chemistry for Survey of Physical Science 131 and Survey of Biological Science 131 as provided in the modification of the program for Freshmen on Page 38. Students who elect to major in any of the social sciences may omit Survey of Social Science.

Students are required to apply for a major after the first semester of the Sophomore year. The application is sent to the Division concerned by the Registrar. Members of the Division will have the opportunity to observe and advise the student while there is enough time to make adjustments in the student's program, if necessary. The student is then able to find the place which is most profitable for him.

The program of study for the Freshman and Sophomore years, which includes all of the above required courses, is outlined on the following pages.

The English Proficiency Test is required of all transfer students and of students who have passed Freshman and Sophomore English with a grade average of less than C.

DEGREES

The College of Liberal Arts administers four years of work leading to the degree of Bachelor of Arts or Bachelor of Science.

Degrees With Honors

To be graduated *Cum Laude*—A student must have spent at least two years in residence at the College and have earned an average of 2.00 to 2.49.

To be graduated *Magna Cum Laude*—A student must have spent three years in residence at the College and have earned an average of 2.5 to 2.69, and must have no grade below "C".

To be graduated *Summa Cum Laude*—A student must have spent at least three years in residence at the College and have earned an average of 2.7 to 3, and must have no grade below "C".

PROGRAM OF STUDY

Freshman Year

Candidates for admission to the Freshman Class are required to take placement examinations and other tests at the beginning of Freshman Week. These tests consist of a psychological test and tests in Foreign

Language, Mathematics, and English, designed for the purpose of placement and guidance.

Students who fail in the English test are required to take additional hours in English and must make a grade of C or better in order to receive credit. In the case of Foreign Language a student who fails the placement examination is required to take Foreign Language 131. Students taking the test in French will be placed according to their scores either in 231, 132 or 131. Mathematics 133 and 134 will be taken by students majoring in Science or Mathematics.

The main purpose of the freshman year is to enable each student to acquire a broad substantial foundation in the major fields of knowledge. It is hoped that during this year the student will discover his intellectual interests, or re-affirm a choice made earlier.

Freshmen are assigned to Instructors as Advisors who meet regularly for the purpose of discussing problems which confront freshman students. Students should consult their Advisors freely and regularly on both scholastic and personal problems.

During the freshman year a student's program consists of the following prescribed courses, except in the cases as stated below:

	<i>S. Hrs.</i>
English 131, 132	6
Foreign Language 131, 132	6
Mathematics 131, 132 or 133, 134	6
Physical Education 111, 112, 113, and 114	4
Religion 121 and 122	4
Survey of Biological Science 131	3
Survey of Physical Science 131	3

The program of study for a music major or minor should begin in the freshman year. (See the Department of Music.) The music major or minor will be allowed to take one semester hour in applied music each semester during the freshman and sophomore years.

Pre-medical or pre-dental students, students who plan to major in science, or students who plan to major in physical education may elect Biology 137 or 241 or Chemistry 141 in lieu of Survey of Biological Science or Survey of Physical Science.

Sophomore Year

By the end of the sophomore year students are expected to have completed all general courses prescribed for the degree.

The following courses are required in the sophomore year:

	<i>S. Hrs.</i>
Foreign Language 231 and 232	6
Religion 221 and 222	4
Physical Education 211 and 212	2
English 231 and 232	6
Speech 221, 222	4
Survey of Humanities 231	3
Survey of Social Science 231a, 231b	3
*Psychology 231a, 231b	3

Note: A student who elects to major in any of the social sciences may omit Survey of Social Science.

THE SENIOR COLLEGE

In the Junior and Senior years the student will center his attention in his selected field of concentration. He must elect the minimum requirements for a major in one or two subjects in the Junior and Senior years. Subjects are arranged under the following four divisions:

Division I. THE HUMANITIES—English, French, German, Music, Philosophy, Religious Education, Spanish, Speech.

Division II. THE SOCIAL SCIENCES—Economics, History, Political Science, Sociology.

Division III. EDUCATION, PHYSICAL EDUCATION AND HEALTH, AND PSYCHOLOGY—Art, Education (*Elementary and Secondary*), Geography, Physical Education and Health, Psychology.

Division IV. MATHEMATICS AND SCIENCES—Biology, Chemistry, Mathematics, Physics.

Students may concentrate in any one of the divisions listed above and may major in the following subjects: Biology, Chemistry, Economics, Elementary Education, English, French, History, Mathematics, Music, Physical Education, Political Science, Psychology, Religious Education, Sociology.

PRE-VOCATIONAL COURSES

Opportunity is offered at Johnson C. Smith University to prepare for entrance to the best professional and vocational schools. In view of the fact that these institutions require college graduation for entrance, the faculty of Johnson C. Smith University does not encourage the shortening of the four-year course.

*Students taking teacher training courses may elect Psychology 331 and 337 or 335 in lieu of Psychology 231.

Medicine and Dentistry

Students preparing for courses in medicine or dentistry should take the equivalent of majors in Biology and Chemistry and minors in English, German or French, and Philosophy. A year's work in Physics is essential. The work in Biology should include Comparative Anatomy, Histology, Embryology, and Physiology, the work in Chemistry, Qualitative and Quantitative Analysis, and Organic Chemistry.

Law

A student who plans to enter law school is advised to concentrate in *Division II*, and major in History, Political Science, or Economics and Sociology. He should elect courses in English Literature and Philosophy.

Business

Johnson C. Smith University does not offer courses in Commercial Education nor Business Administration. However, the Department of Economics offers work which is basic to a business career. A student interested in business should include Sociology, History and Political Science in his course of study.

Theology

Preparation for the ministry and all forms of religious leadership demands thorough grounding in the arts and humanities. A pre-theological course should include courses in English composition and literature, History, Economics, Religious Education, Sociology, French or German, Philosophy (including Ethics), Psychology, Principles of Education and at least one of the Natural (biological or physical) Sciences.

Technical Profession

Students who are preparing for technical and engineering courses should concentrate in the Sciences and major in Mathematics or Physics. (Johnson C. Smith University does not have a department of engineering, mechanics, home economics or agriculture.)

Teaching

The North Carolina State Board of Education requires professional study for those who engage in teaching in the public schools of North Carolina. For information consult the Heads of the Departments of Elementary and Secondary Education.

Prospective high school teachers usually prepare to teach two or three subjects. Their program should consist of courses in subjects which they are to teach, courses in the related subjects, professional courses, including special methods of teaching one subject, and supervised teaching. Students who plan to teach are further advised to study broadly in the social sciences in order that they may acquaint themselves with present-day social problems.

Library Science

For general Library Science the most important fields of study are Literature, History, Social Science, and Language, especially the modern languages. In these fields the most essential subjects are: English, French, and German Literature; European, English, and American History; Political Science, Economics, and at least a year of Science.

STUDENT LIFE

PERSONNEL SERVICES

As a part of the program of making well-rounded individuals of the students who matriculate in the Institution, Johnson C. Smith University provides a program of personnel service. The purpose of this program is to enable the student to keep in good health mentally and physically, and to give him as far as possible sound educational, vocational and personal guidance.

The Dean of Men and the Dean of Women exercise supervision over the dormitory life of the students. These are assisted by a staff of workers and student monitors who see that order and decorum are maintained in the halls at all times. Freshman and sophomore students are assigned to Faculty members as advisers. Junior and senior students consult the heads of the departments in which they are majoring on problems which are of concern to them.

UNIVERSITY HEALTH SERVICE

The health of students in the University is given special consideration. All students are required to undergo a thorough physical examination by the college before registration each semester. Any student may be required to undergo additional physical examination according to the judgment of the college physician, and any student may secure other physical examinations on conference with the college physician. The physician will give such advice regarding exercise, athletic games, personal habits, etc., based on his examination, as he deems proper.

A medical fee, collected from all students, entitles them to free treatment for ordinary cases of sickness or accident. The student must purchase all medicines, and in case of injury or accident, all bandages or appliances other than those of an inexpensive nature. Consultation with, or treatment by, physicians other than the college physician, is at the expense of the student. In case of sudden need, with no time to notify parents, the college will call in expert assistance if it is considered in the interest of the student. Unless the parents agree to be responsible for the expense entailed they must notify the authorities when a student enters that this must not be done.

The student is advised to consult the college physician freely on matters pertaining to his health. Report of sickness as excuse for inattention to duty will not be accepted unless certified by the college physician.

In order to fulfill the requirements for the B.S. and A.B. degrees, all Freshmen and Sophomores will be required to attend courses in Physical

Education. Those who are designated by the college physician as possessing organic and orthopedic defects will be assigned to special classes by the instructor in charge.

The University has a group accident insurance policy underwritten by the North American Insurance Society of Virginia, Inc., which if taken out in time, will cover accidents to students from two days before the opening of school until two days after the close of school. The premium is \$5.00 for nine months for the female students and \$10.00 for nine months for the male students. Each student is urged to use the protection of this insurance. Full details may be obtained by writing to the University.

PLACEMENT SERVICE

The College operates a Placement Bureau, the purpose of which is to aid recent graduates and Alumni locating teaching positions. No charge is made to graduates for this service.

VETERANS' COUNSELLING AND ADVISORY SERVICE

Johnson C. Smith University is one of the institutions approved by the Veterans Administration to provide training for veterans under the G. I. Bill.

Admission to the University under the Korean G. I. Bill requires a *permit to register* from the Office of the Registrar and a Certificate of Eligibility and Affidavit from the Veterans Administration.

If the veteran has attended school elsewhere under the G. I. Bill of Rights, he should secure from the Veterans Administration a supplementary Certificate of Eligibility before entering Johnson C. Smith University. Veterans are advised to file for a Certificate of Eligibility and Affidavit from the Veterans Administration at least one month prior to registration.

The University has a Veterans' Committee which provides systematic advice to veterans on personal problems.

RESIDENCE HALLS

The University maintains four dormitories for students, two for men, Carter Hall and the Johnson C. Smith Memorial Theological Hall, and two for women, Berry Hall and the James B. Duke Hall. As far as dormitory accommodations will permit, all women students are required to live in the dormitories unless special arrangements have been made through the Dean of Women to live elsewhere.

It is very important that former students make reservations for room accommodations for the following year.

Rooms in the University dormitories for men and women are furnished with all the necessary furniture, but each student is required to furnish personal towels, doilies, and bed linen. It is suggested that window curtains

or drapes be purchased by the student after his or her arrival. The student should provide bed linen for use on single beds and the following list is a suggested minimum:

Three (3) pillow cases

Four (4) sheets

Two (2) blankets

Two (2) bedspreads

Each piece of linen should be plainly marked with the student's first initials and last name. The name may be woven or written in indelible ink.

ATHLETICS

Athletic sports are permitted and encouraged within certain prescribed limits, chiefly for the following reason: first, they provide wholesome recreation; second, they give healthful exercise in the open air. Growing youth naturally seek recreation of some kind. This recreation should be something radically different from their sedentary habits of study, and should contribute directly to their well-being. The faculty maintains supervision of the athletics in order that it may be assured that the various sports are conducted on a high and clean basis, and that they are not indulged in to the extent that their studies are neglected.

The Board of Athletic Control, under whose direction games of baseball, football, basketball, boxing, and tennis are played, is a member of the North Carolina Intercollegiate Athletic Association and the Central Intercollegiate Athletic Association, organizations that have done much to establish and maintain high standards in athletics.

STUDENT ORGANIZATIONS

The University maintains several literary societies and other clubs, which, through exercises, debates, contests and dramas, provide training of very great importance to the students.

ALPHA KAPPA SIGMA a chapter of Alpha Kappa Mu Honor Society. It is for those students who have attained high scholastic honors in their academic work. The purpose of the society is to promote high scholarship, to encourage sincere endeavor in all fields of knowledge and service, to cultivate a high order of personal living; and to develop an appreciation for scholarly work and scholarly endeavor in others.

To be eligible for active membership in a chapter, a student shall be registered and in good standing in the school at which the chapter is located. He shall be of junior or senior classification and shall have earned a minimum of sixty semester hours or ninety quarter hours of credit toward a degree. His scholarship standing in terms of the grade or honor point average shall be not less than 2.3, expressed under the system A equals 3; B equals 2; C equals 1; D equals 0. This average shall be computed by dividing the number of grade or honor points by the number of credit hours. Thus, a three credit course will yield nine grade points if the grade is A. For a person who pursued only this course the grade average would be the number of grade points (3) divided by the number of credit hours (3) or 3.0.

Transfer students shall be in residence for two (2) semesters or three (3) quarters with a minimum of thirty semester hours or forty-five quarter hours credit toward a degree earned during this period, to become eligible. Their grade-point average shall be computed for their entire college career to date.

ALPHA PHI OMEGA is a National Service Fraternity composed of Scouters and former boy scouts. It is represented on the campus of Johnson C. Smith University by Delta Phi chapter.

BETA KAPPA CHI HONOR SOCIETY is composed of honor students majoring in science. The society has as its objective the development of interest in science and research. In addition, prominent men of science are presented to the student body. Membership is open to the following:

(a) Undergraduates working toward a college degree who have completed twenty-five (25) semester hours or equivalent in Mathematics or Science (Biology, Chemistry, Physics or Astronomy). Such a candidate must have a science average of "B" and a general average of "C" or better.

(b) Undergraduates working toward a college degree who have completed forty (40) semester hours or its equivalent of Mathematics or Science with a "C" average having a grade of "B" or above in thirty (30) hours of their science and are recommended by two faculty members as being worthy of the single honor.

LE CERCLE FRANCAIS meets periodically during the academic year. Discussions and reports are all conducted in French. All students who are taking either a major or minor in French, as well as students registered for advanced courses, are required to attend.

THE CHEMISTRY CLUB is composed of students who have outstanding ability, and are majoring or minoring in chemistry. The purpose of the club is to foster interest in chemistry, in research, and to arrange scientific lectures.

DELTA PHI DELTA, an intercollegiate honorary journalistic society, is represented by Gamma Chapter on the campus. Its major purpose is to stimulate the art and science of journalism among Negro college men and women in America.

THE FUTURE TEACHERS OF AMERICA is represented on the campus by the S. Evelyn Hughes Chapter. It is a national organization for persons interested in the teaching profession. Membership is open to juniors who have maintained an average of "C" or better.

THE ENGLISH PHILOLOGICAL SOCIETY aims to instill the love of good literature among the members of the student body, and to exercise the critical faculties of English students in the understanding and evaluation of literary productions. Full membership is open to all students who are majoring or minoring in English.

THE HISTORY CLUB promotes studies, discussions and debates on topics of historical significance and importance. The members are urged to avail themselves of books, newspapers and periodicals which will help them to

gain an intelligent understanding and appreciation of present international affairs. Membership is open both to students who are majors or minors in history and to students who, although neither majors nor minors in history, yet have such interest in the study of world problems that they feel disposed to join.

THE IRA ALDRIDGE DRAMATIC GUILD is composed of students who are interested in dramatics. The Guild is organized under the Department of Speech.

THE MATHEMATICS CLUB fosters interest in higher mathematics and related topics. Activities consist of papers, reports of investigations, open discussions, field projects and group problems. Membership is open to students who have had one year of mathematics.

PHI KAPPA ALPHA was organized on the campus of Johnson C. Smith University, April 20, 1949, for students who are majoring in the Humanities and have maintained an average of at least a "B" in his major or majors.

RHO OMICRON SIGMA (the Smith Debaters' Club) is composed of undergraduate members, its purpose being to foster debate and to develop ready speakers.

SIGMA RHO SIGMA is composed of students majoring in the social sciences who have maintained high scholastic records in social science courses.

THE SOCIOLOGICAL SOCIETY is a chapter of the American Sociological Society. Membership is open to advanced students in sociology and other persons who plan research work in the social sciences.

THE STUDENTS ACTIVITIES COMMITTEE is composed of the presidents of the various student organizations. It serves as a co-ordinator of all student activities and directs the Annual Spring Forum.

THE STUDENT CHRISTIAN ASSOCIATION is the volunteer religious organization including all college students. Membership is also open to any theological students and any others of the school family who may be interested in its program. It maintains active relations with the Y.M.C.A., the Y.W.C.A., Student Christian Association, and youth programs of the church. The Student Christian Association is affiliated with the College Department of Religious Education.

THE STUDENT COUNCIL is an organization, composed of student representatives, based on the belief of faculty and students that there are "educational, social, and moral values in student participation and self-direction" and on the desire of students "to develop and maintain high ideals of conduct, to co-operate effectively with the administration and faculty in upholding high standards of citizenship and scholarship in the University."

THE STUDENT LEGISLATIVE SOCIETY is an organization of students interested in the study of government, local, state and national, and in stimulating interest among other students in governmental affairs.

SOCIAL FRATERNITIES AND SORORITIES: The following social fraternities and sororities have chapters at the University: Omega Psi Phi, Alpha Phi Alpha, Kappa Alpha Psi, Phi Beta Sigma, Delta Sigma Theta, Alpha Kappa Alpha and Zeta Phi Beta and Sigma Gamma Rho.

Any group of students desiring to form an organization on the campus must comply with the following: the group of students desiring to form an organization should submit the initial plans to the Dean of the college and secure a faculty adviser who will work with the group in drawing up a statement of plans for organization, program, objectives, and procedures. This statement should be submitted to the Advisory Council and if approved by the Council will be submitted to the faculty for final disposition.

RULES AND REGULATIONS

The University reserves the right to withhold the degree of a candidate or cancel the registration of a student at any time under any conditions which it deems to be incompatible with the ideals and standards of the University.

Rules and regulations that have been found useful in the conduct of life on the campus and in the college community are found in the *Student Manual* composed by the faculty in co-operation with the Student Council.

COURSES OF INSTRUCTION

SYSTEM OF COURSE NUMBERS

The first digit indicates the sequence of the course, the second digit the number of credit hours, and the third indicates the semester. Odd numbers indicate Winter semester and even numbers Spring semester.

Courses beginning with 1 are intended primarily for Freshmen, 2 for Sophomores, 3 for Juniors, and 4 for Seniors.

DEPARTMENT OF MUSIC

The music major program at Johnson C. Smith University is planned primarily to qualify students for certification in Music Education. It is the responsibility of each student to investigate the requirements for certification in any state in which he expects to teach and to complete the necessary course work to meet these requirements.

A minimum of 36 semester hours, including at least 18 hours of applied music, is required for a major in the General program of study. The student who selects the General program will study piano and voice and will select one of these as his major performing medium which will be studied during the four years in individual lessons. The other will serve as the student's minor. The student will also complete 4 hours in class instrumental study.

A minimum of 36 semester hours, including at least 21 hours of applied music, is required for a major in the Instrumental program of study. The student who chooses the Instrumental program will select one instrument as his major performing medium. This instrument will be studied during the four years in individual lessons. In addition, the student will choose two minor instruments for individual study. One of these instruments must be piano.

A minimum of 20 semester hours, including at least 12 hours of applied music, is required for a minor in music. The student will complete 8 hours in a major instrument, 4 hours in a minor instrument, and 8 hours of approved electives.

The qualified student may elect organ as his major performing medium. It is suggested that, during the junior and senior years, organ students elect courses in theory, conducting, church music and religious education to complete the program of study.

The program of study for the major or minor in music should begin in the Freshman year.

All music majors and minors are required to participate in ensemble work for at least three years.

APPLIED MUSIC

Credit in applied music: One semester hour credit is offered to the student who takes one half-hour lesson a week and two to three hours of practice daily. Two semester hours credit is offered to the student who

takes two half-hour lessons per week. The student must complete four semester hours credit, preferably in one instrument, before such credit may be counted toward graduation. A maximum of eight hours credit is given to qualified students who are not majoring in music. Before registering for a course offering credit in applied music, the student must show evidence of ability to carry the work of the course by taking a test. The student must indicate on his registration card whether the course is for credit or non-credit. Each student who has registered for credit must take a jury examination at the end of each semester. Music majors and minors may register for two half-hour lessons a week in applied music.

Students in other departments of the University who desire instruction in applied music will be accepted up to the capacity of the staff and practice facilities after the requirements of the music-major and music-minor students are satisfied.

DEPARTMENT OF RELIGIOUS EDUCATION AND PHILOSOPHY

This department aids the student in gaining an understanding and appreciation of the great religious and ethical insights of the Hebrew-Christian religion in the background of the great religions of the world, along with a measure of understanding of the main currents of thought in the history of Western philosophy. In view of the fact that the Christian

college emphasizes the training of leaders in religious education, majors stress preparation in this area. The major seeks to prepare students to teach Bible in secondary and elementary school, to serve as assistants in Christian education in the churches, as parish workers in religious education, and as lay leaders in other phases of church work. The broad scope of the major in the department also forms a good pre-seminary course.

A major consists of 30 semester hours above the 4 hours of Bible required of freshmen and must include a minimum of 6 hours in Philosophy. The major also includes selected courses in education, psychology, music, drama, arts and crafts in accordance with the undergraduate program for training assistants in Christian education in the Presbyterian Church in the U.S.A. Majors in religious education are guided in the selection of their courses by the professor of religious education. A minor consists of 20 semester hours above the 4 hours of Bible required of all freshmen. The minor must include a minimum of 4 hours in Philosophy.

Eight hours of Bible are required of all students for graduation. These are normally courses 121, 122, 221, 222 and are usually taken in the freshman and sophomore years. Exceptions in both these courses and the time of taking them, where such exceptions are warranted, must be made in consultation with the professor of religious education.

DEPARTMENT OF SOCIOLOGY

Major and Minor in Sociology—Students electing a major in sociology are required to present credits totaling thirty (30) semester hours. Students electing a minor in sociology must complete a minimum of eighteen (18) semester hours. The student who seeks a major in sociology must elect a minimum of two courses of study from each of the major areas as listed. Courses of study required by the department may, however, be included in the fulfillment of this latter requirement.

An undergraduate program of study in sociology is intended to provide primarily a broad general education with concentration in social science. However, the student who majors in sociology selects one of a number of vocational goals and plans his course of study so as to prepare himself for that objective: (1) teaching in sociology and social science at either the secondary or College level (2) social welfare work, either as case workers or public welfare administrators (3) industrial relation work where a fundamental knowledge of human relations is required in formulation of industrial policies and programs (4) public relation work with either private agencies and institutions or public agencies and institutions (5) social research with either educational institutions, private research foundations or governmental agencies.

Students selecting one of the vocational goals listed above should plan for their program of study in such a way as to include elective courses from both the Department of Sociology and other allied departments which are complementary and which provide the student with a more rounded and comprehensive preparatory background. These selections are made with the advice and consent of the departmental adviser.

Areas of Interest and Courses Offered

DEPARTMENT OF TEACHER TRAINING

The Department of Teacher Training provides the professional instruction needed by students who are preparing to teach on the elementary and secondary school levels and for persons interested in education and child developments as parents and citizens. Those who plan to teach in public elementary and secondary schools are provided with the basic training which meets the requirements for certification in most of the states of the United States.

Students who plan to teach in the elementary schools should major in elementary education. All students majoring in elementary education will complete the Program of Studies outlined for elementary education majors.

Students who plan to teach in the secondary schools should select majors and minors in the various subject matter areas. They will need to take certain courses in the Departments of Education and Psychology in order to meet the requirements for certification, viz., Education 231, 233, 335, 435 and 463; Psychology 331 and 337. They must also take a course in "Materials and Methods of Teaching" their major subject and Physical Education 226 (Community Health). It is recommended that students prepare themselves to teach two or more subjects.

Attention is drawn to the requirement that all students who plan to do practice teaching on either the elementary or secondary school level must file an application for "Student Teaching" with the Head of the Department in which he plans to major. e. g. Students who plan to teach on the elementary level will file their application with the head of the department of Elementary Education. Those who plan to prepare for teaching on the secondary level will file their applications with the head of the department of Secondary Education not later than the 1st day of April of the Junior year. It is recommended that all students preparing to teach consult with their adviser and plan their entire college program for the Junior and Senior years at the beginning of the Junior year. This work should be so planned that students will be able to carry a load of less than fifteen (15) semester hours during the semester in which they do their practice teaching.

Professional Requirements:

The minimum professional requirements for each certificate are listed under the following headings: *The School*, *The Pupil*, and *Teaching and Practicum*. This course is required for the High School Teacher's Certificate. *Laboratory fee, \$30.00. Credit 6 semester hours. Either semester.*

El. Education 465. *Student Teaching in the Elementary School.* Students are placed in cooperating public elementary schools in Charlotte and vicinity for the practical study of teachers' problems in a laboratory setting, directed observation, guided participation, and full-time classroom teaching. Limited to twenty (20) students each semester. All students who wish to do practice teaching during their Senior year must file an application for "Student Teaching" with the Head of the Department of Elementary Education by April 1st of the Junior year. Before completing registration for the first semester of the Senior year, the student should ascertain to which semester he has been assigned for practice teaching. Student Teaching in the Elementary School is open only to Seniors regularly enrolled in the University who have completed those courses which are

designated in the catalogue as prerequisites for Student Teaching in the Elementary School, with no grade lower than "C", and who meet the following requirements:

1. No "D's" in courses offered in fulfillment of the student's major subject.
2. Completed all Freshman and Sophomore required courses.
3. Passed the English Proficiency Test.
4. Passed the Handwriting and Spelling Test.
5. A student who has completed all of the above requirements and still shows lack of proficiency to do practice teaching may be denied the privilege of doing so.

Student Teaching is also open to college graduates, wishing to complete requirements for a certificate, who can present evidence of having completed the above requirements or their equivalent.

This course is required for the Primary Teacher's Certificate and for the Grammar Grade Teacher's Certificate. *Laboratory fee, \$30.00. Credit 6 semester hours. Either semester.*

ELEMENTARY EDUCATION

Students who are candidates for either the Primary Teacher's Certificate or the Grammar Grade Teacher's Certificate should major in Elementary Education. Application for a major in elementary education should be made to the head of that department at the end of the first semester of the Sophomore year. Candidates will be selected on the basis of (1) their grades during the Freshman and Sophomore years and (2) their scores on a teaching aptitude test. Candidates for a major in elementary education must have a "C" average. The Coordinator for Elementary Education will work with elementary education majors during the second semester of their Sophomore year in planning the students' work for the Junior and Senior years.

Candidates for both the Primary Teacher's Certificate and the Grammar Grade Teacher's Certificate must pass a test in *handwriting* and *spelling*. This test is administered once each semester. See the *University Calendar* for dates.

A major in Elementary Education consists of the following courses:

*Education 231—*The School As A Social and Educational Institution*

Geography 231—*Principles of Geography*

Music 231—*Music Appreciation for the Elementary School Teacher*

Political Science 231—*American Government*

Education 232—*The Elementary School*

Geography 232—*Regional Geography*

Physical Education 233—*Principles of Physical Education*

English 235—*Children's Literature*

History 235—*United States History to 1865*

History 236—*United States History from 1865 to the Present*

*Art 321—*Fundamentals of Drawing*

Art 322—*Art Crafts*—or Art 323—*Industrial Art*

*Psychology 331—*Educational Psychology*

Music 332—*Teaching Music in the Elementary School*

Elementary Education 333—*Teaching Arithmetic in the Elementary School*

Elementary Education 334—*Teaching Science in the Elementary School*

Physical Education 334—*Public School Hygiene*

Elementary Education 335—*Reading in the Elementary School*

*Psychology 335—*Child Psychology*.

Elementary Education 336—*Language Materials and Methods*

Elementary Education 337—*Teaching the Social Studies in the Elementary School*

*Elementary Education 338—*Materials & Methods in Elementary School Teaching*

Art 436—*Art Appreciation*

Elementary Education 465—*Student Teaching in the Elementary School*

Students who wish to major in elementary education should inform the Coordinator for Elementary Education of this desire during the *First Semester* of the *Freshman year* so that the Coordinator may guide them in the selection of *elective courses*. Otherwise, it may be necessary for the student majoring in elementary education to either attend Summer School for one or two summers or to spend an extra semester at Johnson C. Smith University in order to complete the work required of elementary education majors.

Courses in Elementary Education

Education 231. *The School as a Social and Educational Institution*. (See "The School" above.)

El. Education 232. *The Elementary School*. (See "The School" above.)

*Prerequisite for practice teaching

- El. Education 334. *Teaching of Elementary Science*. In this course emphasis will be placed upon the content called for in the State Course of Study. *Credit 3 semester hours (junior year)*.
- El. Education 333. *Teaching Arithmetic in the Elementary School*. The teaching of arithmetic in all of the grades in the elementary school. Required of all elementary education majors. *Credit 3 semester hours (junior year)*.
- El. Education 335. *Reading in the Elementary School*. This course deals with methods of analysis and correction of difficulties in reading at the elementary school level. *Credit 3 semester hours (junior year)*.
- El. Education 336. *Language Materials and Methods*. The aims and objectives of oral and written composition in the light of pupil activities and experience. Language methods in the grammar grades will receive comprehensive treatment. *Credit 3 semester hours (junior year)*.
- El. Education 337. *Teaching the Social Studies in the Elementary School*. A fundamental course in social studies, methods and techniques for all elementary teachers. *Credit 3 semester hours (junior year)*.
- Education 338. *Materials and Methods in Elementary School Teaching*. Investigations and evaluations of materials used in elementary school teaching. Requires supervised observation of teaching activities at the elementary school level. This course is a prerequisite for "Student Teaching in the Elementary School." *Credit 3 semester hours. Either semester.*
- El. Education 465. *Student Teaching in the Elementary School*. (See "Teaching and Practicum—Elementary Education" above.)
- Candidates for the Primary Teacher's Certificate or the Grammar Grade Teacher's Certificate should arrange their program so that they can carry six (6) semester hours of United States History and three (3) semester hours of government (Political Science) during their Sophomore year.

Elective Courses In Education

- Education 323. *Guidance in the Secondary School*. A study of the problem of guidance in the secondary school and of principles and practices. *Credit 2 semester hours.*
- Education 339. *Educational Sociology*. A study of school-community interaction; community problems and their educational implications. *Credit 3 semester hours.*
- Education 341. *Techniques and Procedures in Scout Leadership*. A study of (a) the history and development of scouting in America, (b) personnel administration, (c) program of scouting, cubbing and senior scouting. Anyone taking this course is required to identify himself with a Scout Troop and a Cub Pack in the City of Charlotte in order to get practical experience in methods and techniques of scouting. *Credit 4 semester hours.*

Education 435. *Measurement and Evaluation*. The construction, selection, and use of educational tests of the achievement type, including diagnostic and survey instruments. All candidates for a teacher's certificate are urged to take this course. *Credit 3 semester hours.*

Education 233. *The Secondary School*. This course focuses attention on the philosophy, the aims, functions, principles, and practices of education as they relate to the secondary school. The secondary school is evaluated from the standpoint of its aims, functions, procedures, and outcomes. *Credit 3 semester hours.*

GEOGRAPHY

231. *Principles of Geography*. An introduction to the field of geography. *Credit 3 semester hours. First semester.*

232. *Regional Geography*. A study of the major regions of the world against the background of their natural, cultural, and economic environments. *Credit 3 semester hours. Second semester.*

331. *Geology*. An introductory course in Physical Geology with incidental reference to historical relations. Earth materials and processes. Lectures and recitations three hours per week. This course will be offered on demand. *Credit 3 semester hours.*

LIBRARY SCIENCE

(Summer School Only)

In order to help teachers who wish to qualify for teacher-librarians, the University offers three courses in library science in the summer school only. These courses are not accepted by library schools as credit toward a degree. These courses are open only to persons who hold the Bachelor of Arts degree.

S120. *Administration*. Consideration is given to the history, purpose and value of the school library. The work of the librarian and staff, cataloging and classification, library supplies and publicity. The problems and service of the rural teacher-librarian is given special consideration. *Credit 2 semester hours.*

S123a-123b. *Book Selection*. General principles of book selection, use of bibliographies, indexes, selection of magazines, book buying and ordering, picture collection, children's literature, Negro literature and book reviews. Offered in two parts, 123a and 123b. *Credit 2 semester hours each part or 4 semester hours for entire course.*

S121. *Reference*. Study and use of general and special reference book, encyclopedias, dictionaries and special reference books. *Credit 2 semester hours.*

DEPARTMENT OF PHYSICAL EDUCATION AND HEALTH

Thirty (30) semester hours in the field of Physical Education are required for a major and fifteen (15) semester hours for a minor.

All students enrolled in Physical Education 113-114, 211 and 222 are required to supply themselves with a regulation gymnasium uniform.

All students who wish to major in Physical Education must complete Chemistry 131-132 (Introductory Chemistry) and Biology 241-242 (General Zoology) *before beginning* the major. These courses should be completed during either the *Freshman* or *Sophomore* year. In addition to the required courses in physical education, all students who major in Physical Education must complete the following courses in the area of Health Education: Biology 232 (Physiology), Physical Education 226 (Community Health), Physical Education 334 (Public School Hygiene), and Physical Education 434 (Materials and Methods in the Teaching of Health Education).

COURSES TO BE COMPLETED FOR A MAJOR IN PHYSICAL EDUCATION

Biology 241-242—*General Zoology* (Freshman or Sophomore year)

Chemistry 131-132—*Introductory Chemistry* (Freshman or Sophomore year).

Physical Education 222—*Plays and Games* (Sophomore year)

Physical Education 224—*Dual and Single Games* (Sophomore year)

*Physical Education 225—*Rhythms and Dances* (Sophomore year)

Physical Education 226—*Community Health* (Sophomore year)

Physical Education 231—*First Aid-Safety-Athletic Injuries* (Junior year)

Physical Education 232—*Physiology* (Same as Biology 232) (Senior year)
Anatomy (Physical Education 333) is a prerequisite.

Physical Education 233—*Principles of Physical Education* (Sophomore or Junior year)

Physical Education 323-324—*Methods and Materials in Team Sports* (Junior year)

Physical Education 325—*Gymnastics and Stunts* (Junior year)

Physical Education 327—*Individual Health* (Senior year). Anatomy (Physical Education 333) and Kinesiology (Physical Education 336) are prerequisites.

Physical Education 331—*Organization and Administration of Health and Physical Education* (Junior year)

Physical Education 333—*Anatomy* (Junior year)

Physical Education 334—*Public School Hygiene* (Junior year)

Physical Education 336—*Kinesiology* (Junior year)

Physical Education 422—*Materials and Methods in the Teaching of Physical Education* (Senior year)

Physical Education 434—*Materials and Methods in the Teaching of Health Education* (Senior year)

111-112. *Personal Hygiene*. Scientific information on nutrition, muscular exercise, sleep, bathing, reproduction and the most advantageous utilization of time and energy. Lectures, class reports, discussions

*For men not taking Physical Education 325 (Gymnastics and Stunts) and for all women.

and individual conference will be held; required of all freshmen. Text required. Meet once a week for two semesters. *Credit 1 semester hour each semester.*

113-114. *Freshman Physical Practice.* An activity course consisting of calisthenics, marching tactics, tumbling and stunts, group games, group sports, in the fall and winter semester of the freshman year. Required of all freshmen. *Credit 1 semester hour.*

211-212(M). *Sophomore Physical Practice.* A continuation of the Freshman course with a more strenuous application of organized games. Two periods a week. Required of all Sophomores throughout the year. *Credit 1 semester hour each semester.*

211-212(W). *Sophomore Physical Practice for Women.* A continuation of Physical Education 112 with more emphasis upon highly organized games. Two periods a week. Required of all Sophomores throughout the year. *Credit 1 semester hour each semester.*

222. *Plays and Games.* A semester course designed to aid the classroom teacher in leading the elementary school child into valuable physical activity. *Credit 2 semester hours.*

224. *Dual and Single Games.* Presentation of teaching methods of activities in which one or two persons may participate. *Credit 2 semester hours.*

225. *Rhythms and Dances.* An activity course consisting of the fundamentals of dancing. *Credit 2 semester hours.*

226. *Community Health.* A study of the health of groups of individuals in a community. *Credit 2 semester hours.*

231. *First Aid, Safety, Athletic Injuries.* Lectures and practice in first aid, safety techniques and prevention and treatment of athletic injuries. *Credit 3 semester hours.*

232. *Physiology.* Required for a major in Physical Education. For description see Biology 232.

233. *Principles of Physical Education.* Lecture course dealing with the underlying principles and meaning of Physical Education. *Credit 3 semester hours.*

323-324(W) & (M). *Methods and Materials in Team Sports.* Basic physical skill of outdoor and indoor team sports. *Credit 2 semester hours each semester.*

325. *Gymnastics and Stunts.* The fundamentals of gymnastics and stunts. *Credit 2 semester hours.*

327. *Individual Health.* An analysis of the theory and practice of the prevention, the correction of postural defects, and the prescriptions for various muscular defects found in the individual child. *Credit 3 semester hours.*

331. *Organization and Administration of Physical Education.* The aims, objectives, content and techniques of Physical Education and effective methods of teaching Health Education on the elementary, secondary and college levels. *Credit 3 semester hours.*
333. *Anatomy.* An elementary course in anatomy especially adapted to the needs of students preparing for a major in Physical Education. Laboratory periods will be arranged. Prerequisite: Biology 241. *Credit 3 semester hours.*
334. *Public School Hygiene.* A study of those subjects concerned with the health of the people as a group. *Credit 3 semester hours.*
336. *Kinesiology.* A lecture and laboratory course dealing with the origin insertion and action of muscles of the human anatomy. Prerequisite: Physical Education 333. *Credit 3 semester hours.*
422. *Materials and Methods in the Teaching of Physical Education.* A study of effective methods of teaching physical education. *Credit 2 semester hours.*
434. *Materials and Methods in the Teaching of Health Education.* A study of effective methods of teaching health education. *Credit 3 semester hours.*
- To be offered upon request:*
436. *Community Recreation.* A study of recreation as provided by the various independent agencies; the function of the municipal governments in recreation; activities for recreation and leisure time; organization of programs for recreation. *Credit 3 semester hours.*

DEPARTMENT OF PSYCHOLOGY

A major in Psychology consists of twenty-four semester hours; a minor consists of fifteen semester hours of work in psychology. Course selections must be made in consultation with the department head.

231. *General Psychology.* Provides an understanding of behavior through the study of growth and development, motivation, emotion, learning, personality, intelligence and other related topics. Aspects of contemporary psychology, related to the lives of students, are emphasized. *Credit 3 semester hours.*
331. *Educational Psychology.* A systematic presentation of the psychological and biological basis of growth and development, as they apply to the learning and teaching processes. Prerequisite: Psychology 231. *Credit 3 semester hours.*
335. *Psychology of Childhood.* A study in the behavior and development of young children. Designed to give an understanding of how to deal more effectively with children in everyday situations. *Credit 3 semester hours.*

-
337. *Psychology of Adolescence.* A study of the adolescent. The psychology of behavior arising from the problem peculiar to the transitional period between childhood and maturity. *Credit 3 semester hours.*
338. *Mental Hygiene and Personality Development.* Fundamental principles of personality development and of mental hygiene. Prerequisite: Psychology 231. *Credit 3 semester hours.*
423. *Fundamentals of Statistics.* Introduces the student to frequency distributions, measures of central tendency, measures of dispersion, probability curves, theory of curve fitting, correlation table and coefficients of correlation, regression. (Laboratory hours to be arranged.) *Credit 2 semester hours.*
431. *Social Psychology.* Deals with the development of the individual as a member of the social order; the fundamental factors involved in social change. Prerequisite: Psychology 231. To be offered alternate years with Psychology 433. *Credit 3 semester hours.*
432. *Abnormal Psychology.* A study of the various phases of mental and emotional abnormalities. Practical for students who plan to go into social work, teaching, nursing, medicine, law, ministry, and religious education. Prerequisite: Psychology 231. *Credit 3 semester hours.*
433. *Introduction to Clinical Psychology.* Primarily for majors in Psychology. A survey of the field of clinical psychology. To be offered alternate years with Psychology 431. *Credit 3 semester hours.*

DIVISION IV. MATHEMATICS AND SCIENCES

The Departments of Biology, Chemistry, Mathematics and Physics constitute the Division of Natural Science and Mathematics. Students may elect a major in Biology, Chemistry, and Mathematics. All Departments will provide work for a minor.

GENERAL SCIENCE MAJOR

A North Carolina Certificate to teach any one science may be secured by presenting credit for a minimum of 30 semester hours in Science, including a major in the particular science in which the certificate is desired. A major in General Science consists of minimum requirements of 30 semester hours in science, including one year of Biology, one year of Chemistry, one year of Physics and three hours of Geography or Geology. The student must earn a recognized minor in one science. The work in Biology must include appropriate courses in Zoology and Botany which will probably require more than one year.

Students who do not wish to qualify for a teacher's certificate may present 20 hours in one science and a year's course in each of two other sciences or two minors in science and a year's course in the other science.

Survey Courses

131. *A Survey of Biology Science.* A study of the various fields of biology, their principles and problems, with special reference to man and the living environment as it affects him. Offered any semester. *Credit 3 semester hours.*
132. *A Survey of Physical Science.* A survey of astronomy, chemistry, geology and physics, giving the student a fair panoramic view of the universe in which he lives and his relation to it. Some appreciation of the scientific method, as well as the contributions of the physical sciences to the solution of some contemporary problems. Offered any semester. *Credit 3 semester hours.*

DEPARTMENT OF BIOLOGY

A major in this department consists of a minimum of 24 semester hours of Biology. Biology 241-242 and 341-342 are required courses. Other semester hours may be elected upon consultation with advisors in the department. All majors are required to earn eight hours of Chemistry 141-142 and are advised to take Organic Chemistry and General Physics.

A minor in Biology consists of 15 semester hours in Biology and 6 semester hours of Chemistry. The 15 semester hours must include Biology 241-242.

133. *Anatomy and Physiology.* A study of the structural and functional relationships existing between the organ systems in the human body. Two lecture periods and one two-hour laboratory period each week. Open to student nurses only. *Credit 3 semester hours.*

135. *Microbiology*. An introduction to the study of bacteria and related forms of life. Two lectures and one two-hour laboratory period each week. Open to student nurses and to majors by popular demand. *Credit 3 semester hours.*
137. *General Botany*. A general survey of the plant kingdom. Principles of the various fields of Botany, such as the morphology, physiology, taxonomy, and genetics are discussed. One two-hour laboratory and two lecture periods each week. *Credit 3 semester hours.*
232. *Elementary Physiology*. An introduction to the study of physiological phenomena that are characteristic of all living things. Three lecture periods each week. *Credit 3 semester hours.*
- 241-242. *General Zoology*. A general study of the animal kingdom including both invertebrate and vertebrate animals. Two lecture hours and two two-hour laboratory periods each week. *Credit 8 semester hours.*
333. *Genetics*. A study of the cause of the variation and mechanism of heredity. Three lecture periods each week. Prerequisite: Biology 241-242 or 137. *Credit 3 semester hours.*
335. *An Introduction to Entomology*. A study of the identification, classification and life histories of insects. One two-hour laboratory period and two lecture periods each week. Prerequisites: Survey of Biology 131 or Biology 241. Offered by popular demand. *Credit 3 semester hours.*
337. *Bacteriology*. An introduction to the study of bacteria with special emphasis on their relationship to man. Two lectures and one two-hour laboratory period each week. Prerequisites: Survey of Biology 131 or Biology 137. Offered by popular demand. *Credit 3 semester hours.*
- 341-342. *Comparative Anatomy*. A general study of the various vertebrate type including mammals. In the laboratory a detailed study is made of the gross anatomy of each vertebrate representative. Two lectures and two two-hour laboratory periods each week. Prerequisite: Biology 241-242. *Credit 8 semester hours.*
441. *Micrology and Histology*. Instruction in the technique of preparing tissues for microscopic observation, and the examination and detailed study of various tissues. Two lectures and two two-hour laboratory periods each week. Prerequisites: Biology 241-242. *Credit 4 semester hours.*
442. *Embryology*. A study of the developmental processes in animals with special reference to the chick, pig, and man. Two lectures and two two-hour laboratory periods each week. Prerequisites: Biology 241-242. *Credit 4 semester hours.*
- 435-436. *Physiology*. A study of the physio-chemical processes of organisms. The important functions of the nervous, circulatory, digestive, respirator, glandular, muscular, and reproductive systems are discussed. One three-hour laboratory and two lecture periods each week. Prerequisites: Biology 241-242, Organic Chemistry, and General Physics. Offered by popular demand. *Credit 6 semester hours.*

DEPARTMENT OF CHEMISTRY

The courses in Chemistry are arranged to enable students to obtain a general knowledge of Chemistry, to equip those who plan to teach; and to give a basic foundation for those who plan to enter Medicine, the field of industry, or to do advanced work in Chemistry.

A major in Chemistry consists of a minimum of 30 semester hours. The content of the major is more important than the number of hours. A major must include year courses in General, Analytical, Organic, and Physical Chemistry. Students who major in Chemistry are required to earn 8 hours in Physics, and to elect enough Mathematics to give acquaintance with the simple notions of Calculus.

Chemistry 141, 142, 241, 242, 341, 342, 441, 442 are required for a major.

- 131-132. *Introductory Chemistry.* The elementary principles of Chemistry as a whole are discussed at the level suited to the student who plans to take only one year of Chemistry and who wishes to apply it to other fields of knowledge. This offering may serve as a prerequisite to Chemistry 142 and 230 only. Either half of it may not be used as a prerequisite. *Credit 6 semester hours.*
- 141-142. *General Inorganic Chemistry.* The Fundamental principles are discussed in connection with the physical and chemical properties of the non-metallic and metallic elements and their compounds. Appropriate experiments complement the discussions. *Credit 8 semester hours.*
241. *Analytical Chemistry I.* Fundamental principles and procedures of Semimicro Qualitative Analysis. The principles of equilibrium are applied to reactions in the identification of cations and a few anions. Prerequisite: Chemistry 142 with a grade of "C" or better. *Credit 4 semester hours.*
242. *Analytical Chemistry II.* Fundamental principles and procedures of Quantitative Analysis. The principles of equilibrium are applied to representative procedures in volumetric and gravimetric analysis. Prerequisite: Chemistry 142 with a grade of "C" or better. *Credit 4 semester hours.*
- 341-342. *Organic Chemistry.* The principles of Organic Chemistry as illustrated by the preparation and study of typical representatives of the aliphatic and aromatic series. Prerequisites: Chemistry 142 with a grade of "C" or better. *Credit 8 semester hours.*
- 441-442. *Physical Chemistry.* The principles of Chemistry and Physics as applied to gases, liquids, solids, and solutions, including thermochemistry, chemical equilibria, electromotive force, etc. Prerequisites: Chemistry 242 and Calculus I, or consent of the instructor. *Credit 8 semester hours.*

Courses which may be offered (one or two at a time) on demand.

230. *General Analytical Chemistry.* The elementary principles of Qualitative and Quantitative Analysis for students of General Science. Lectures and laboratory work will cover selected material from Chemistry 241-242. Prerequisite: Chemistry 142 or 132 with a grade of "C" or better. *Credit 3 semester hours.*
330. *A One-semester Course in Organic Chemistry.* Prominent topics in aliphatic and aromatic compounds are covered. This course is designed for students in General Science. Prerequisite: Chemistry 142 with a grade of "C" or better or consent of the instructor. *Credit 3 semester hours.*
331. *Physical Chemistry for Pre-Medical students.* An elementary treatment of selected topics in Physical Chemistry, without the use of Calculus, which are adapted to the needs of pre-medical students. No laboratory fee. Prerequisite: Chemistry 241 or consent of the instructor, and a working knowledge of Algebra.
- 421-422. *Projects in Chemistry.* A project may be experimental or literary. Each project will be currently described. A project may or may not carry a laboratory fee. Prerequisite: Consent of the instructor.
430. *Elementary Principles of Biochemistry.* This offering consists of a discussion of the simpler chemistry of physiological processes. Prerequisite: Satisfactory grade in Organic Chemistry and consent of the instructor.
- 443-444. *Analytical Chemistry III.* Principles, Problems and Methods of Inorganic Analytical Chemistry. Discussions and laboratory work explore chemical separations and determinations; application of paper chromatography to inorganic separations; ion exchange; a general introduction to instrumental analysis. Prerequisite: Chemistry 241-242.
445. *Analytical Chemistry IV.* Qualitative Organic Analysis. An effort will be made to evaluate, on the undergraduate level, the reactions of organic compounds used for the purpose of analysis. The identification of relatively simple pure organic compounds. Prerequisite: Chemistry 342.
446. *Organic Preparations.* Preparations of intermediate difficulty are selected and the chemistry of the compounds is studied. Prerequisite: Chemistry 342.

DEPARTMENT OF MATHEMATICS

The purpose of the courses here outlined is to prepare the following three groups of students: first, those who wish to major in mathematics; second, those majoring in science, economics, social and educational statistics wherein a mathematics background is essential for advanced work; and, third, those who desire to study mathematics for its cultural value.

A major in mathematics consists of at least 27 semester hours including 10 semester hours of calculus, and the seminar in mathematics. A minor in mathematics consists of at least 18 semester hours including 6 semester hours of calculus.

- 131-132. *General Mathematics*. This course is designed to give the essential mathematical background for all students concentrating in the fields other than mathematics and science. *Credit 3 semester hours each semester*. Does not count on a major or minor.
133. *Algebra I—College Algebra*. A complete treatment of elementary topics and continuing with advanced topics such as progressions, mathematical induction, complex numbers, theory of equations, probability, determinants, and partial fractions. *Credit 3 semester hours*.
134. *Plane Trigonometry*. Trigonometric functions of angles, solution of triangles, measurement of angles, function of multiple angles, logarithms, inverse functions, complex functions, Demoivre's theorem. *Credit 3 semester hours*.
- 143-144. *Introduction to College Mathematics*. A service course designed to meet the needs of those who desire a background of college mathematics for the physical and natural sciences and statistics. A year course offered on demand. *Credit 4 semester hours*.
231. *Geometry I: Plane Analytic Geometry*. A survey of more important formulas of plane geometry and trigonometry. Prerequisite: Mathematics 133-134. *Credit 3 semester hours*.
232. *Calculus I*. Variables and functions, the theory of limits. Elementary principles of differentiation and their rules. Simple differentiation of trigonometric functions, differentials, curvature, partial differentiation. Prerequisite: Mathematics 231. *Credit 3 semester hours*.
234. *Algebra II: Advanced College Algebra*. This course is designed to increase skill and technique in algebraic operations for advanced students in mathematics. Prerequisite: Mathematics 133. *Credit 3 semester hours*.
235. *Mathematics of Finance*. The basic principles and problems of finance such as interest, annuities, bond valuations, amortization of debts. *Credit 3 semester hours*.
331. *Calculus II*. A continuation of Mathematics 232. The rule of integration, the definite integral, integration of rational functions, integration by substitution, parts, and partial integration. Prerequisite: Mathematics 232. *Credit 3 semester hours*.
332. *Algebra III: Theory of Equations*. This course is open to advanced students of mathematics. A study of complex numbers, cubic and quartic equations, graph of equations, determinants, construction with ruler and compasses, isolation of roots, solution of numerical equations. Prerequisite: Mathematics 232, 234. *Credit 3 semester hours*.

333. *Geometry II: Solid Analytic Geometry.* A continuation of Mathematics 231. The work includes an intensive study of Cartesian coordinates in space, special surfaces (sphere, cylinder, and cone), transformation of co-ordinates, equations of the second degree in three variables, forms classification, and properties of quadric surfaces, tetrahedral co-ordinates. Prerequisite: Mathematics 134 or 231. *Credit 3 semester hours.*
- 401-402. *Seminar.* The purpose of this course is to strengthen independent study habits by the treatment of selected topics in pure and applied mathematics. Prerequisite: Junior or senior standing in mathematics. *Credit 2 semester hours.*
421. *History of Mathematics.* This course is offered primarily that prospective teachers of mathematics may have a thoroughly rich background. A study of the personality and works of "Men Who Made Mathematics", also the historical development of all elementary branches, including Calculus. Credit counts on major only and not on minor. *Credit 2 semester hours.*
431. *Differential Equations.* This course aims to meet the needs of students who wish to study engineering, advanced physics or a major in pure mathematics. The course will cover: formation of differential equations, equations of the first order and the first degree, singular solutions, applications to geometric mechanics and physics, linear equations, exact and particular forms, equations of the second order. Prerequisite: Mathematics 331. Offered on demand. *Credit 3 semester hours.*
434. *Elementary Mathematical Statistics.* The application of mathematics, including Calculus, the study of the theory of statistics. Least squares, probably error, correlation, index numbers, curve fitting, probability, measurement of central tendency, sampling theory. Prerequisite: Integral Calculus. *Credit 3 semester hours.*
442. *Calculus III.* A lecture and problem course including power series, partial differentiation, implicit functions, applications to geometry, definite integral gamma and beta functions, line, surface and space integrals. Prerequisite: Mathematics 331. *Credit 4 semester hours.*
446. *Geometry III: College Geometry.* Offered to students who intend to become mathematics teachers, or take up Physics or Engineering. Only those who have shown special adaptation for the subject in the elementary field are encouraged to select this course. *Credit 4 semester hours.*

DEPARTMENT OF PHYSICS

In addition to the general cultural and institutional aims the department has the following objectives:

1. Preparation for the teaching of Physics on the secondary level.
2. Preparation for graduate study in physics.

3. Preparation for research apprenticeship in government and industry.
4. Preparation for the study of engineering.

The department does not offer a major; a minor consists of a minimum of 15 semester hours.

241. *General Physics*. Mechanics, Heat, and Sound. Lectures and recitation two hours a week. Laboratory four hours a week. Prerequisite: Trigonometry or the consent of the instructor. *Credit 4 semester hours.*
242. *General Physics*. Electricity and Magnetism and Light. Lectures and recitation two hours a week. Laboratory four hours a week. Prerequisite: Physics 241. *Credit 4 semester hours.*
321. *History of Physics*. A Historical treatment of the development of the various branches of physics with emphasis on the role played by the various men who contributed to the science of Physics. Prerequisite: Physics 242. *Credit 2 semester hours.*

THE SCHOOL OF THEOLOGY

GENERAL INFORMATION

The Object of the Seminary

The objectives of the Seminary are to recruit for the ministry and lay service the most promising individuals of the church and instruct them in the knowledge of the Word of God, as contained in the Scriptures of the Old and New Testaments, the only infallible rule of faith and life, and in the doctrine, order and institutes of worship taught in the Scriptures, a brief summary of which is set forth in the Constitution of the Presbyterian Church in the United States of America; to instruct them in the essentials of practical life and living; thus to equip them for meeting present and future problems as they may appear in the pastorate, in the fields of Home and Foreign Missions, and in teaching and directing the work of Christian Education.

Advantages

The students of the seminary have opportunity to become identified with the various religious clubs on the campus. They assist in the devotional services in the University Chapel and mid-week services in the University Church.

The Seminary is located in the largest Presbyterian center among Negroes in the world. Here are some of the largest churches. All highways and railroads leading out of Charlotte pass by one or more of the Presbyterian churches.

In these churches one may note the following:

1. Varied types of church programs, rural and urban, in action.
2. There is ample opportunity for practice preaching.
3. There are ample opportunities to work with and observe some of the finest and largest young people's organizations in our group.
4. Charlotte is located near the border line of North and South Carolina. This affords an opportunity for the students to study the religious, social, civic and economic problems of a border city. The seminary students have participated in surveys which have won the praise of the North Carolina Department of Education.
5. The campus is the Mecca for Presbyterians in the Southland. Here the largest gatherings are held. The Annual Workers' Conference held on the campus attracts a large group of ministers and lay workers every year. The Institute for Ministers and Church Workers sponsored by the University and the Board of National Missions meets for a period of ten days in June. These gatherings bring the seminary students in contact with the leaders in the Church and afford an opportunity for students to study at first hand how the organizations of the Church operate.

Arrangements are made whereby every student in the seminary may engage in some phase of church work in and about Charlotte, teaching in Sunday Schools, assisting in young people's work, conducting boys' clubs, or serving as student pastors.

Terms of Admission

The School of Theology is open to students of all Christian denominations. Requisites for admission to the Junior class are a credible Christian profession in connection with some evangelical church and graduation with the Bachelor of Arts degree or its equivalent from a standard four-year college or university.

Applicants for admission should present the following:

1. A letter of introduction to the President or the Dean of the School of Theology from some responsible person.
2. An official statement of church membership or connection with some ecclesiastical body.
3. An official transcript of scholastic record.

All applications should be addressed to the Registrar of the University.

Entrance Requirements for Special Students

In addition to the general requirements for admission to the Seminary all persons desiring to matriculate as special students, with no intention of earning a degree, may do so by satisfying the Seminary faculty as to their intellectual fitness, also as to their Christian character and purpose for seeking entrance.

Advanced Standing

Students coming to this Seminary from other theological seminary of equal standing, are given credit in keeping with the amount and grade of work completed. This information should be given by means of a transcript properly authenticated and forwarded to the University Registrar previous to the student's arrival.

Requirements for Graduation

The full course of the Seminary extends through three years and leads to the degree of Bachelor of Divinity. The Seminary year is divided into two semesters of eighteen weeks each. The degree of Bachelor of Divinity will be conferred upon the candidates who complete a total of 105 semester hours with an average grade of not less than "C".

No candidate will be awarded the degree of Bachelor of Divinity who has not been a resident student during his Senior year.

PRE-SEMINARY CURRICULUM

As a foundation for his theological training a student should have a broad and comprehensive college education, commonly known as a "liberal arts" course.

The American Association of Theological Schools has suggested a basal minimum in a pre-seminary curriculum as follows:

Fields	Semesters	Sem.Hours
English	4	8-12
Composition and literature		
Philosophy	4	4-6
At least two of the following:		
Introduction to Philosophy		
History of Philosophy		
Ethics		
Logic		
History	2	4-6
Psychology	1	2-3
A foreign language	4	12-16
At least two of the following, one of which should be Greek:		
Latin		
Greek		
Hebrew		
French		
German		
Natural Sciences	2	4-6
Physical or biological		
Social Sciences	2	4-6
At least two of the following:		
Economics		
Sociology		
Government or Political Science		
Social Psychology		
Education		

Examinations

Written examinations are required of all students in the various departments, and are held at the end of each semester.

The School Year and Scholarship Grades

The school year of the Seminary consists of two semesters of eighteen weeks each. The time for registration, regulations governing registration, and scholarship grades coincide with those of the college.

Physical Exercises

The privileges of a well-equipped Gymnasium are extended to the theological students. Young men desiring to take corrective exercises, or exercises for the general improvement of health, are at liberty to do so.

Prizes

The George Waldo Long Memorial Church History Prize. Awarded to the student making the highest grade point average above 2.00 in Church

History, courses 531 and 532. Both courses must be taken the same year to be eligible for the prize. The award is made by Rev. and Mrs. H. L. Counts of Charlotte, North Carolina.

The Ralph K. Merker Biblical Literature Prize. The sum of fifteen dollars is awarded to the senior achieving the highest grade point average above 2.00 and ten dollars to the senior achieving the second highest grade point average above 2.00. These prizes are given by Dr. Ralph K. Merker, General Presbyter and Stated Clerk of the Presbytery of Washington.

The Harry O'Conner Walker Memorial Homiletics Prize. The sum of fifteen dollars is awarded to the member of the senior class having excelled in the preparation and delivery of sermons. This award is made by Dr. W. P. Walker of Anniston, Alabama, and Mrs. Nannie Walker Robinson of New York City in memory of their brother, a member of the class of 1928.

The Booker T. Davis Prize In Systematic Theology. The sum of five dollars each is awarded to the two students achieving the highest grade point average above 2.00. These prizes are given by Major Booker T. Davis, a member of the class of 1939.

The John H. Toatley Prize In Hebrew. The sum of \$5.00 is awarded to the student achieving the highest grade point average above 2.00. This prize is given by Dr. John H. Toatley of Winnsboro, South Carolina.

THE THEOLOGICAL BUILDING

THE HENRY LAWRENCE MCCROREY THEOLOGICAL BUILDING, dedicated on November 12, 1955, is the administration building for the School of Theology. It was erected from funds raised by alumni, churches in the Catawba, Atlantic, Blue Ridge, and Canadian Synods, local friends, and the Building Funds Campaign of the Presbyterian Church, U.S.A. It contains three stories, including eight classrooms, offices for the Dean and the faculty members, a library, an assembly room, a room for meditation, the office of the Field Representative of Catawba Synod, a recreation room, and a stack room. It accommodates all classes in the School of Theology and the college classes in Religious Education.

THE CURRICULUM

The curriculum of the Seminary aims first to prepare men for the active pastorate. A secondary purpose is to prepare leaders for other phases of church work. The curriculum for these lay workers will be enlarged in the future; but the primary job of the present one is to prepare ministers. This curriculum is tentative. The ultimate test of a theological curriculum is the effectiveness of the pastors produced by it. This test will be continually applied in future revisions. Each course will be modified as teaching experience and new conditions suggest improvements.

Considerable emphasis is placed upon English Bible. It is recognized that a more thorough knowledge of the content of the Bible and a greater skill in the functional use of this content are needed by the minister today. The study of the Bible in the original languages is not eliminated, but the greater emphasis is placed upon English Bible. Large emphasis is also placed upon practical theology in order to improve the efficiency of the working minister and church. Supervised field work counts for credit on the Bachelor of Divinity degree, this credit being six semester hours.

Courses are grouped into four departments: *Biblical Literature, Church History, Christian Theology, and Practical Theology*. When convenient, symbols are used to designate courses in these four fields, *B.L.* for *Biblical Literature*, *C. H.* for *Church History*, *C. T.* for *Christian Theology*, and *P. T.* for *Practical Theology*. Thus *B. L. 524* means "*Biblical Literature 524. The Life and Letters of Paul.*" Courses are numbered to represent three levels of work. All courses in the 500 range are required for the bachelor of divinity degree and are normally taken by the student as early as possible in his course of study. Courses in the 600 range are generally elective and are on a higher level than the 500 courses. Courses in the 700 range are on an advanced level and are normally taken by students who are majoring in the departments in which the courses appear. There are three courses

however, in the 600 and 700 ranges that are required for the bachelor of divinity degree; namely: *P. T. 637*; *P. T. 735* and *P. T. 736*. Each candidate for the bachelor of divinity degree will select in consultation with adviser a major field of concentration.

The bachelor of divinity degree requires the completion of 105 semester hours of work, and a thesis, distributed as follows:

- 54 semester hours required, 18 in Biblical literature, 18 in practical theology and 18 in church history and Christian theology.
- 10 semester hours in Hebrew and Greek, required of all candidates for the bachelor of divinity degree. These do not count as part of the 18 hours required in Biblical literature.
- 6 semester hours for supervised field work.
- 3 semester hours for Christian worship.
- 2 semester hours in principles and techniques of research.
- 24 semester hours in the field of the student's major beyond the 18 hours required in that field.
- 6 semester hours elective in addition to the major elected.
